

Prachi International

MANAGEMENT POLICY

Top Management of Prachi International has laid down its policy on quality and social accountability management system:

POLICY STATEMENT

We at **Prachi International** are committed to:

- Continual improvement in management system and manufacturing process of Building Hardware, Wood Connectors and Garden Tools to enhance customer satisfaction through complying applicable requirements.
- Identify external & internal issues with proactive strategic directions to minimize business risks and enhance opportunities.
- Ensure safety of personnel in the organization through providing safe and healthy work environment.
- Ensure promotion of social accountability awareness among the employees and stake-holders.
- Ensure compliance to social accountability requirements, legal requirements and national & others laws as applicable to the organization.
- Follow the principles of the applicable international instruments and their interpretation.
- Monitor effectiveness of management policy through setting of management objectives, considering the requirements of applicable legislations, code of conducts & own requirements and review at regular intervals.

Ensure communication of management policy to all concerned personnel within the organization, relevant interested parties and public through display at prominent locations in the organization and other means.
